The Willow Steam Cabin and Serenity Lodge are luxurious, compact retreats (9'x18') that combine rustic and modern design elements. Both structures feature wooden details, a raised platform bed, an electric fireplace, and heating and cooling systems, ensuring comfort and style year-round.

What sets them apart:

The Willow Steam Cabin: Features a steamer sauna with a double shower, offering a spa-like experience.

The Serenity Lodge: Showcases a beautiful soaking tub as its centerpiece, perfect for relaxation.

Both retreats redefine outdoor luxury, blending natural materials with modern amenities to make every night feel like a special getaway. Whether you prefer the soothing steam of a sauna or the tranquility of a bath, these cabins provide the ultimate backyard escape.

STRUCTURES

The Scandinavian Office is a perfect blend of modern design and functional elegance, creating an ideal workspace for those seeking a quiet and sophisticated place to work from home. This 160 sq. ft. structure is designed with a steep, gabled roof and a combination of wood and dark metal on the exterior, giving it a contemporary yet natural feel. Large windows and a black front door with glass panels allow ample natural light to flood the interior, enhancing the serene and inviting atmosphere.
